

**Q.Tell me about yourself?**

Ans-

Good morning, Sir,

My name is Dhanoj Gupta, and I'm from Pune. I have completed my Bachelor's degree in Computer Engineering.

I have a total of 2.5 years of work experience — 1 year in teaching and 1.5 years as an MIS Analyst, "Where I gained hands-on experience in report creation, and data analysis." Recently, I also completed an internship in Data Analytics, which helped me improve my knowledge and practical skills.

I always give my 100% to every task and try to do it the best way I can.

"Right now, I want to join a organization where I can learn and deliver good results. Later, I see myself as leadership role where Im Guiding to others."

Thank you, Sir.

**Q.Why You left Your Previous Job?**

Ans-

Actually, "My previous role had limitations in terms of growth in these areas, so I decided to upskill myself and looking for opportunities that better match my career goals". So that's why I left my previous job to transition into a data analytics role, gain advanced skills, and explore better growth opportunities in the field

-----

**Q.Why You have Career Gap ?**

Ans-

"During the gap, I focused on self-development and skill enhancement, especially in data analysis and reporting. I prepared for government jobs for 2 years. After that I felt that I should pursue my career in data analytics.

"To bridge this gap, I completed a Data Analytics internship and additional AI courses to prepare myself for a more analytical role.
